District No. Various

MINUTE ORDER

WHEREAS, the State Highway and Public Transportation Commission, under provision of Vernon's Civil Statutes 6701d-11, Section 5 1/2 is authorized to fix the maximum gross weight of vehicles or combination thereof and load or maximum axle and wheel loads which may be transported or moved on, over or upon any State Highway or Farm-To-Market or Ranch-To-Market Road at a less weight than the legal loads when it is found that greater maximum weight would tend to rapidly deteriorate or destroy the roads, bridges or culverts; and

WHEREAS, an engineering and traffic investigation has been made of the Highway System to determine and fix the maximum loads to be transported or moved on, over or upon the roads and structures of said Highway System; and

WHEREAS, it has been determined from this investigation that the loads on certain structures and sections of roads of the Highway System should be restricted or previous restrictions should be revised or removed.

NOW, THEREFORE, IT IS ORDERED that the maximum limits of loads which may be transported or moved on, over or upon those roads and structures as described in the attached lists be fixed, revised and removed as set forth therein, superseding any portion of previous action in conflict herewith; and

IT IS FURTHER ORDERED that the Engineer-Director shall proceed with the erection, revision and removal of signs as appropriate, thereby making the fixing, revisions and removal of these load limitations effective and operative.
